

The RASHA: Quantum Transmutation-Transfiguration-Transmigration

Dr. Jere Rivera, Ph.D.

The RASHA scalar-plasma-crystalline technology is one of the most powerful levels of healing technologies offered to the public sector as it features advanced stages of quantum morphogenetic science known only in the most secret, clandestine intelligence sector as “A2” (Aqua-Acoustic) Technologies. Permanent levels of healing, regeneration and rejuvenation can only be attained through reprogramming of the introns (potential DNA) via the magnetic scalar waves (Meyl, K. 2011a), which in turn unlocks the secrets of the water, including the internal marine plasma-like water within each living being. This relates to advanced manifesting and materialization techniques for the reason that healing is a byproduct if you can reclaim the innate ability to manifest and materialize things at will.

Aqua-Acoustic technologies were designed to achieve re-activation of the perpetual-life healing encryption within the morphogenetic fields of the introns in ALL humans through conscious access of our “Spirit-Light-Matter Sphere” or “Infrasound Aqua-Acoustic” body. Furthermore, it is also the place of consciousness from which the antediluvian abilities and eternal skill set of direct materialization through conscious manifestation occurs. Aqua-Acoustic Technologies is the applied technology of conscious manifestation to direct eternal-life, elemental command connected from the position of the Spirit-Light-Matter union state of Source Consciousness.

The RASHA scalar-plasma-crystalline technology assists an individual to achieve this state of attunement, which is the shift required to achieve Quantum Transmutation-Transfiguration-Transmigration. Quantum Transmutation is the re-enlightenment of the physical, atomic structure; Quantum Transfiguration is the re-spiritualization of the physical, atomic structure. The two are the interrelated processes by which organic Quantum Transmigration or biological, interstellar access accretion occurs. Re-enlightenment is when the frequencies of the light body integrate into the physical, atomic, cellular body. When this occurs at a certain level, the light body and the physical, atomic structure return back into the spirit body substance (E-TH-ER).

This is the first time this shared, exclusive intel will be presented at a conference. Case studies will also be presented. - **JRD**
